**Re: Request for Written Confirmation of Contact Attempts**

Dear All,

This letter has been sent to multiple family members to ensure that no single individual, household, or side of the family is isolated by receiving it. It also ensures that there is no misunderstanding or possibility of miscommunication regarding the purpose of this correspondence.

(Please see the list attached)

I am writing to formally request your cooperation in documenting any efforts you have made to notify **Donal and Eileen** of the allegations I have raised, as well as to confirm any steps taken to ask them to stop or halt the criminal activities I have alleged.

This request is made for **record-keeping and legal purposes**.

Following receipt of this letter, if these activities continue, **Donal and Eileen will need to clarify** why they were unable to either:

1. get Cathal, or any other individual known to them, to cease the behaviour in question; and
2. contact the Gardaí, both currently and previously, to report or intervene in the matter.

Please also note that enclosed is a second letter/document outlining pending **civil and commercial legal actions** (under, but not limited to, Irish and UK law) relating to **loss of earnings (past and future), both personal and business**.

---

Please provide a written statement confirming:

  - 3. The dates or approximate time periods** of those attempts.
  - 4. Whether any response was received**, and if so, from whom and in what form.
  - 5. That the purpose of your attempted contact was to inform them that I have made the following allegations.**
-
